

# Arrow Virtual Classroom

Arrow Virtual Classroom brings the classroom experience to you. Choose training in the boardroom, the dining room, or one of our classrooms around the country.

## A more efficient way to train

Choose to train at home, in your office, or ours

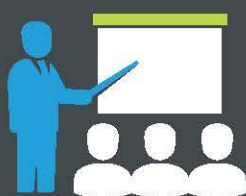

Save on travel and expenses

Reduce time out of the office and away from home

## An interactive experience

Instructors use 65" interactive smart boards offering real-time viewing to all delegates

High capacity network means no lag in viewing or hearing the instructor and other delegates

HD quality video and audio provides crystal clear sound without the need for a microphone

Delegates have full access to labs and participate in all practical activities

Chat function lets you ask questions to the whole class, or just the instructor

Train with other delegates all around the country
