# Microsoft Azure Security Technologies

<b>Kód:</b>	<b>DÉLKA:</b>	<b>CENA:</b>
MCS_AZ500	32 Hours (4 DENNÍ)	Kč bez DPH 29,600.00

## Description

In this course students will gain the knowledge and skills needed to implement security controls, maintain the security posture, and identify and remediate vulnerabilities by using a variety of security tools. The course covers scripting and automation, virtualization, and cloud N-tier architecture.

## Cíle

After completing this course, students will be able to:

- Describe specialized data classifications on Azure
- Identify Azure data protection mechanisms
- Implement Azure data encryption methods
- Secure Internet protocols and how to implement them on Azure
- Describe Azure security services and features

## Určeno pro

Students should have at least one year of hands-on experience securing Azure workloads and experience with security controls for workloads on Azure.

## Vstupní znalosti

Before attending this course, students must have knowledge of:

- Microsoft Azure Administrator Associate

## Program

### Course Outline Module 1: Identity and AccessLessons

- Configure Azure Active Directory for Azure workloads and subscriptions
- Configure Azure AD Privileged Identity Management
- Configure security for an Azure subscription

### Module 2: Platform ProtectionLessons

- Understand cloud security

- Build a network
- Secure network
- Implement host security
- Implement platform security
- Implement subscription security

### **Module 3: Security Operations Lessons**

- Configure security services
- Configure security policies by using Azure Security Center
- Manage security alerts
- Respond to and remediate security issues
- Create security baselines

### **Module 4: Data and applications Lessons**

- Configure security policies to manage data
- Configure security for data infrastructure
- Configure encryption for data at rest
- Understand application security
- Implement security for application lifecycle
- Secure applications
- Configure and manage Azure Key Vault

## **Zkoušky a certifikace**

Before attending this course, students must have knowledge of:

- Microsoft Azure Administrator Associate

## **Termíny školení**

Termíny školení na vyžádání, [kontaktujte nás prosím](#)

## **Dodatečné informace**

Školení je možné zajistit na míru. [Kontaktujte nás pro bližší informace.](#)
