Microsoft 365 Certification Bundle with Microsoft 365 Administrator Essentials

Kód:	DÉLKA:	CENA:
MCS_MS9FMS102	48 Hours (6 DENNÍ)	Kč bez DPH 55,000.00

Description

Školení je vedeno virtuálně v anglickém jazyce ve školicím středisku Arrow v Anglii.
Cena školení je 1 995 GBP bez DPH - tato cena bude při fakturaci přepočtena aktuálním kurzem.

With this bundle, you get a quick introduction on how Microsoft 365 solutions improve productivity, facilitate collaboration, and optimize communications. In addition, you will acquire the necessary know-how to become a "Microsoft 365 Certified: Enterprise Administrator Expert".

Benefit from two courses and pay for only one at 45% discount.

You will start with the 1-day fundamentals webinar:
“MS-900T01: Microsoft 365 Fundamentals”

You will learn foundational knowledge on the considerations and benefits of adopting cloud services and the Software as a Service (SaaS) cloud model, with a specific focus on Microsoft 365 cloud service offerings.

After attending the fundamentals webinar your learning journey will continue with:
The official 5-days virtual classroom “MS-102T00: Microsoft 365 Administrator Essentials”
Please click the link below to review the schedule and outlines of this official Microsoft course.
MS 102T00: Microsoft 365 Administrator Essentials

Opportunity to become certified:
This bundle also includes an exam voucher worth £113, which you can use to take the exam to become a "Microsoft 365 Certified: Enterprise Administrator Expert".

Please indicate your preferred date for the second course "MS-102T00: Microsoft 365 Administrator Essentials" in the comments field of the shopping cart for this bundle.

The following outlines and timetable represent the content as well as the planning of the one-day fundamental webinar.

Cíle

After completing this course, students will be able to:
• Differentiate between the various cloud service models.
• Identify the key differences between Microsoft 365 and Office 365.
• Plan for migration to Microsoft 365 services.
• Identify key differences between Microsoft on-premises services and Microsoft 365 cloud services.
• Define enterprise mobility in Microsoft 365.
• Identify how Microsoft 365 services support teamwork.
• Describe identities, including cloud, on-premises, and hybrid identity.
• Describe cloud device management and protection, including the use of Intune.
• Describe data protection, including the use of Azure Information Protection.
• Describe compliance in general and the compliance features in Microsoft 365.
• Describe Microsoft 365 subscriptions, licenses, billing, and support

Určeno pro

This course is designed for IT Professionals who aspire to deploy and manage cloud services in their organization, or who are

simply looking to acquire foundational knowledge on cloud fundamentals. This includes the considerations and benefits of adopting cloud services in general and the Software as a Service (SaaS) cloud model specifically, with a general focus on Microsoft 365 cloud service offerings.

Vstupní znalosti

This course is designed for IT Professionals who aspire to deploy and manage cloud services in their organization. Students should have the following background:

· General IT knowledge or any general experience working in an IT environment
· General (sales level) experience on corresponding Microsoft on-premises products, such as Exchange Server, SharePoint, Office Professional, AD RMS and others
· Experience addressing business/legal/security requirements for IT
