Description

The Veeam Certified Engineer (VMCE) v12: On-Demand training course is an Online, Self-Paced Learning Plan that teaches IT professionals how to configure, manage, and support a Veeam Backup & Replication Protected Environment. This program includes online lectures, in-browser “clickable” labs, and scored knowledge checks to help administrators and engineers learn the fundamentals of protecting and managing critical data in an ever changing technical and business environment. This online course is based on Veeam Backup & Replication v12, the foundation of the Veeam Data Platform. Upon completion, the certified engineer will have the opportunity to purchase a exam voucher and be prepared for the VMCE 2024 exam.
