# Network Performance Insight 1.3.1 - Implementation and Configuration

<b>CODE:</b>	<b>LENGTH:</b>	<b>PRICE:</b>
TOD67G	32 Hours	kr 10,385.00

## Description

IBM Network Performance Insight is a network performance monitoring system. It offers real-time and historical trends in network performance and interactive views of network data that help reduce network downtime and optimize network performance. Network Performance Insight provides IBM Netcool Operations Insight with comprehensive IP network device performance monitoring and traffic analysis. In this 3-day course, you learn how to install IBM Network Performance Insight and integrate it with IBM Netcool Operations Insight. This course is lab-intensive, with an emphasis on hands-on exercises.

## Objectives

After you complete this course, you can perform the following tasks:

- Install IBM Network Performance Insight
- Integrate the IBM Network Performance Insight user interface into IBM Dashboard Application Services Hub
- Integrate Network Performance Insight with IBM Tivoli Netcool/OMNIBus
- Integrate Network Performance Insight with IBM Tivoli Network Manager IP Edition

## Audience

This course will be useful to implementers, administrators, technical sales persons, and any others who need IBM Network Performance Insight skills.

## Prerequisites

- Linux administration skills
- A working knowledge of IBM Netcool Operations Insight
- A general knowledge of IP network monitoring methods, such as SNMP, IP Flow, IP SLA

## Programme

- Preparing hosts for installation
- Installing Ambari and Hortonworks Data Platform
- Installing Network Performance Insight
- Integrating discovery and metric collection with IBM Tivoli Network Manager
- Integrating the event service with Netcool/OMNIBus
- Integrating the UI service with Dashboard Application Services Hub
- Installing technology packs
- Installing and configuring the Device Dashboard
- Configure Dashboard Application Services Hub roles
- Installing an interim fix
- Verifying the installation

## Session Dates
