Responding to Incidents in Splunk On Call

CODE:	LENGTH:	PRICE:
SPL_RTIISOC	0.32 Hours (0.04 dage)	Free

Description

This module explains basic Splunk On-Call concepts such as shifts, rotations, escalation policies, and on-call schedule. Learn how to create your personal and custom paging policies, locate your on-call schedule in the web UI and mobile app, and describe the actions you can take if you need on call coverage. You will also learn how you can respond to an incident and the different available incident actions.

Session Dates
