CERTIFICATION

Completion of this course helps you prepare for the Commvault Certified Professional Certification. The Commvault Professional exam is included free of charge as a part of the Commvault Professional instructor and virtual instructor-led course registration.

Commvault Certified Professional Exam (V11)

A Commvault Certified Professional certification validates the skills required to install, configure, and administer a CommCell® environment using both the CommCell Console and Admin Console. It proves a professional level skillset in the following areas:

CommCell Administration – user and group security, configuring administrative tasks, conducting data protection and recovery operations, and CommCell monitoring.

Storage Administration – deduplication configuration, disk library settings, tape library settings, media management handling, and snapshot administration.

CommCell Implementation – CommServe® server design, MediaAgent design and placement, indexing settings, client and agent deployment, and CommCell maintenance.
