omnissa™   Horizon 8: Troubleshooting

CODE:

OMN_WS1DMUEMT22

LÄNGE:

24 Hours (3 Tage)

PREIS:

€3,290.00

Description

Delivered by an Omnissa Certified Instructor, the Horizon 8: Troubleshooting course provides common Horizon infrastructure troubleshooting scenarios, focusing on developing problem-solving skills and ensuring solutions are effective and free of side effects in real-world environments.

Lernziel

• Develop a structured approach to troubleshooting.
• Resolve common issues that occur in a Horizon environment.
• Discuss Horizon Connection Server advanced configurations.
• Interpret Horizon Connection Server logs.
• Identify Unified Access Gateway configuration and certificate problems.
• Describe BLAST configuration verification using logs and settings.
• Describe how Horizon connections work and how to troubleshoot issues.
• Describe the use of TLS/ SSL certificates in Horizon and list troubleshooting steps for common problems.
• Describe Cloud Pod Architecture troubleshooting scenarios.
• Learn about the command line tools available.
• Learn the importance of optimizing Windows for use in Horizon and learn what should be optimized to improve system performance and reliability.
• Discuss how to troubleshoot problems related to instant clone VMs.
• Identify steps that you can follow to solve problems related to Horizon Client.
• Discuss troubleshooting steps applicable to device redirection in HorizonTroubleshoot redirection common problems.

Zielgruppe

• Intermediate to advanced practitioners that support Horizon 8 environments.

Voraussetzungen

Recommended:
• A working knowledge of Omnissa Horizon infrastructure
• A background in End-User Computing
• Completed Horizon Deploy and Manage course

Technical requirements
• Bring a full-size laptop.
• A secondary device is recommended for reading and lab materials, which are only delivered electronically.
• Please ensure you have the US keyboard mapping added to your devices.

Inhalt

1 Course introduction
• Introductions and course logistics
• Course objectives

2 Review of Omnissa Horizon
• Review Horizon 8 architecture

3 Introduction to troubleshooting

- How to troubleshoot
- Troubleshooting resources

4 Horizon infrastructure troubleshooting
- Horizon Connection Server general troubleshooting
- Active Directory Lightweight Directory Service replication
- Working with Horizon Connection Server logs

5 Unified Access Gateway troubleshooting
- Unified Access Gateway deployment errors
- Monitor the Unified Access Gateway
- Troubleshoot a Unified Access Gateway Certificate
- Tools for troubleshooting connections on the Unified Access Gateway
- Troubleshooting the Unified Access Gateway

6 Blast configuration verification
- How to verify the current Blast configuration

7 Blast optimization
- Blast optimization overview
- Optimizing Blast for Wide Area Networks
- Work from home and home office to cloud
- Optimizing for quality

8 Horizon connections troubleshooting
- Understanding Horizon connections
- Horizon connections load balancing
- Troubleshooting Horizon connections
- Key ports and protocols
- Black screen

9 TLS certificate troubleshooting
- Horizon 8 TLS certificates
- Troubleshooting TLS certificates in Horizon 8

10 Cloud Pod architecture troubleshooting
- Cloud Pod architecture troubleshooting

11 Command line tools
- About the command line tools and how to use them
- Backing up and restoring Horizon 8 databases

12 Troubleshooting machines and desktops
- Help Desk tool deep dive
- Troubleshooting machines and desktops
- Troubleshooting Linux desktops

13 Optimizing Windows desktops and servers
- Why optimize a Windows image?
- Windows OS optimization tool for Horizon
- Using automation to build optimized Windows images

14 Troubleshooting instant clones
- Troubleshooting instant clones

15 Troubleshooting Horizon Client
- Horizon Client for Windows
- Horizon Client for Linux
- Horizon Client for Mac
- Horizon Web Client (HTML Access)

16 Troubleshooting device redirection
- Device redirection
- Nested RDSH redirection

Kurstermine

Datum	Lokation	Time Zone	Sprache	Type	Durchführungsgarantie	PREIS
08 Jun 2026	Virtual Classroom	CEDT	German	Instructor Led Online		€3,290.00
21 Sep 2026	Virtual Classroom	CEDT	German	Instructor Led Online		€3,290.00
14 Dec 2026	Virtual Classroom	CET	German	Instructor Led Online		€3,290.00
