# Microsoft Azure Security Technologies

<b>CODE:</b>	<b>LENGTH:</b>	<b>PRICE:</b>
MCS_AZ500	32 Hours (4 days)	£2,545.00

## Description

In this course students will gain the knowledge and skills needed to implement security controls, maintain the security posture, and identify and remediate vulnerabilities by using a variety of security tools. The course covers scripting and automation, virtualization, and cloud N-tier architecture.

## Objectives

After completing this course, students will be able to:

- Describe specialized data classifications on Azure
- Identify Azure data protection mechanisms
- Implement Azure data encryption methods
- Secure Internet protocols and how to implement them on Azure
- Describe Azure security services and features

## Audience

Students should have at least one year of hands-on experience securing Azure workloads and experience with security controls for workloads on Azure.

## Prerequisites

Before attending this course, students must have knowledge of:

- Microsoft Azure Administrator Associate

## Programme

### Course Outline

#### Module 1: Identity and AccessLessons

- Configure Azure Active Directory for Azure workloads and subscriptions
- Configure Azure AD Privileged Identity Management
- Configure security for an Azure subscription

#### Module 2: Platform ProtectionLessons

- Understand cloud security
- Build a network
- Secure network
- Implement host security
- Implement platform security
- Implement subscription security

#### Module 3: Security OperationsLessons

- Configure security services
- Configure security policies by using Azure Security Center

- Manage security alerts
- Respond to and remediate security issues
- Create security baselines

#### Module 4: Data and applications Lessons

- Configure security policies to manage data
- Configure security for data infrastructure
- Configure encryption for data at rest
- Understand application security
- Implement security for application lifecycle
- Secure applications
- Configure and manage Azure Key Vault

#### Test and Certification

Before attending this course, students must have knowledge of:

- Microsoft Azure Administrator Associate

#### Session Dates

Date	Location	Time Zone	Language	Type	Guaranteed	PRICE
11 May 2026	Virtual Classroom	BST	English	Instructor Led Online		£2,545.00
10 Aug 2026	Virtual Classroom	BST	English	Instructor Led Online		£2,545.00

#### Additional Information

[This training is also available as onsite training. Please contact us to find out more.](#)
