# Overview of IBM Cognos Analytics (v11.0) - SPVC

<b>CODE:</b>	<b>LENGTH:</b>	<b>PRICE:</b>
ZL1_J4008	8 Hours (1 day)	€475.00

## Description

**Contains:** PDF course guide, as well as a lab environment where students can work through demonstrations and exercises at their own pace.

This course provides participants with a high level overview of the IBM Cognos Analytics suite of products and their underlying architecture. They will examine each component as it relates to an Analytics solution. Participants will be shown a range of resources to provide additional information on each product.

If you are enrolling in a Self Paced Virtual Classroom or Web Based Training course, before you enroll, please review the Self-Paced Virtual Classes and Web-Based Training Classes on our Terms and Conditions page, as well as the system requirements, to ensure that your system meets the minimum requirements for this course. <http://www.ibm.com/training/terms>

## Objectives

Please refer to course overview

## Audience

Multi-role (consumers, business authors, professional authors, developers, administrators, modelers, project managers)

## Prerequisites

- An understanding of your organization's business intelligence process and reporting needs
