Commvault Expert – CommCell Console

CODE:	LENGTH:	PRICE:
COM_MASTER	40 Hours (5 days)	€3,600.00

Description

The Commvault® Expert Class and Certification is designed to educate and validate the deepest level of knowledge attainable for Commvault administrators and engineers. Knowledge gained can be applied in advanced enterprise architecture, complex troubleshooting, and more comprehensive management of day-to-day activities. Training emphasis is placed on a concentrated understanding of advanced Commvault features including: virtualization, deduplication, backup/archiving, storage, security, and troubleshooting. The Expert 2020 certification assesses knowledge acquired from the expert class, validates the mastery of Commvault technologies, and allows those few who complete the program to stand apart from others in the industry. Who should attend this course?
This course is intended for experienced administrators and engineers looking to elevate their knowledge in CommCell® design strategies focusing on storage design and cloud computing, Deduplication, Commvault HyperScale™, virtual data protection, and application protection.

Highlights

Delivery Methods
• Instructor-led (Available in some EMEA countries) • Virtual Instructor-led

Duration
• Five-day Instructor and Virtual Instructor-led

Audience

Experienced administrators and engineers working in larger CommCell® environments who are looking for the highest level of customer education.

Test and Certification

Completion of this course helps you prepare for the Commvault Expert – CommCell Console Exam Certification. The Commvault Certified Expert – CommCell Console is included free of charge as a part of the Commvault Expert– CommCell Console instructor and virtual instructor-led course registration. To achieve Commvault Expert – CommCell Console Certification you must first complete the Commvault Professional and Commvault Engineer – CommCell Console Certification.
