CommVault V11 Simpana Master Class

CODE:	LENGTH:	PRICE:
COM_MASTER	40 Hours (5 days)	€4,500.00

Description

The Simpana® Master Class and Certification is designed to educate and validate the deepest level of knowledge attainable for Commvault® administrators and engineers. Knowledge gained can be applied in advanced enterprise architecture, complex troubleshooting, and more comprehensive management of day-to-day activities. Training emphasis is placed on a concentrated understanding of advanced Simpana features including: virtualization, deduplication, snapshot management, backup / archiving, retention, CTE processes, and log file analysis. Master certification assesses knowledge acquired from the master class, validates the mastery of Commvault technologies, and allows those few who complete the program to stand apart from others in the industry.

Prerequisites

Required minimum of 18+ months working with Simpana® software.

Required Commvault® Certified Specialist on Simpana 10/11 software.

Programme

Module 1: Common Technology Engine	Module 2: Storage Design	Module 3: Deduplication	Module 6: Data Management
? Course Overview and Objectives	? Library primer	? Deduplication primer	? Data Movement
? CTE Primer	? Storage design strategies	? Deduplication database	? Data protection and recovery process
? CommServe® Server	? Storage design strategies	? Partitioned DDB	? Job and item based retention
? Media Agents and Indexing	? Storage design strategies	? Deduplication data movement	? Performance Tuning
? Storage Policies	? Storage design strategies	? Aging deduplicated data	? Data security
		? Deduplication Storage Policies	? Client and Agent Configurations
		? SILO storage	? Simpana OnePass™ Technology
		? Deduplication design strategies	? Data and Information Management
Module 4: Snapshots	Module 5: Virtualization		
? Snapshot technologies	? Virtual technology primer		
? Configuring and administering IntelliSnap feature	? Protecting VMware®		
? IntelliSnap® design strategies	? Protecting Hyper-V®		
	? Virtualization design strategies		
Module 7: Course Review and Exam Prep			
? Discussion on subjects and concepts covered			
? Exam Prep			
? Master Certification Exam
