Trend Micro Deep Security 20 Training for Certified Professionals – Update course

CODE:	LENGTH:	PRICE:
TRM_DS-20-UC	8 Hours (1 day)	€950.00

Description

This is a one-day, instructor-led training course aimed at participants who have already previously followed a full 3 days training in the past of Deep Secirity 12 and who still hold a valid Certified professional certification (valid 2 years). This one-day update training covers all new product features and training material that came in addition to version 11 over the last 2 years.
This course is based on Deep Security 20 Training material
This course is taught by Trend Micro-certified trainers.

Audience

This course is designed for and only available to IT professionals who have already been certified on Deep Security within the last 2 years
