Commvault Professional Foundations

CÓDIGO:	DURACIÓN:	Precio:
COM_PF	24 Hours (3 días)	€1,560.00

Description

Learn essential skills for configuring and administering Commvault® software to protect data in virtual and physical infrastructures. This 3-day course provides all the information about the Commvault environment core components including:

- CommServe® server configuration
- MediaAgent design
- Agent deployment
- Storage configuration
- Data security

The class is balanced between technical discussions using detailed diagrams and white board sessions, and hands-on labs using an Education Services CVLab environment focusing on the Commvault Command Center™.

Público

This course is intended for personnel responsible for day-to-day administration and management of Commvault® software.

Programa

CommCell® Environment

- CommCell® Overview
- Product Lines
- Commvault Command Center™ Core Setup
- Commvault Command Center™ Navigation
- Features
- Commvault Command Center™ Customization
- CommCell® Core Components

Storage Configuration

- Storage Overview
- Disk Storage
- Cloud Storage
- Deduplication
- Tape Storage

Security

- Storage Policies
- Retention

Client Administration

- Users Security
- Network Topologies

Data Management

- Plans
- Data Protection
- Data Recovery
- Job Management

Servers and Features

- Servers and Server Groups
- Agent Deployment
- Files and Network Storage Protection
- Virtual Machine Protection

Monitoring

- Views
- Alerts
- Reports
- Support

Examen y certificación

Certification

Completion of this course helps you prepare for the Commvault® Professional Foundations Exam Certification. The Commvault Certified Professional V11 2020 is included free of charge as a part of the Commvault® Professional Foundations instructor and virtual instructor-led course registration.

Commvault® Professional Foundations Exam

The Commvault® Professional Foundations exam validates the skills required to configure and administer a CommCell® environment using the Commvault Command Center™. It proves a professional level skillset in the following areas: CommCell® Administration – user and group security, configuring administrative tasks, conducting data protection and recovery operations, and CommCell® monitoring.

Storage Administration – deduplication, disk, cloud and tape storage configuration.

CommCell Core Components – CommServe® server, MediaAgent and placement, client and agent configuration.

Passing the Commvault® Professional Foundations exam in combination with passing the Commvault® Professional Advanced exam results in obtaining the Commvault® Certified Professional certification.

Certification Exam Specifics

- Total Questions: 30
- Time Allotment: 75 Minutes
- Passing Grade: 75% (23 correct answers)
