VNX Unified Storage Deployment and Management

CÓDIGO:	DURACIÓN:	Precio:
EMC_USDM	40 Hours (5 días)	€4,230.00

Description

This Specialist-level course is targeted for storage/cloud infrastructure administrators requiring in depth knowledge and practical lab work with EMC VNX Unified Storage systems. This intensive training covers all the key elements of SAN/IP-SAN (block access) and NAS (file access) deployment. It provides participants with detailed discussions on integrating VNX block access for open systems hosts (Linux, Windows and VMware ESXi) through FC, iSCSI and, FCoE connectivity options. In addition, VNX file level access will be configured for Windows, Linux and VMware user/application environments via NFS and CIFS environments. Initial storage system configuration, security and availability using Unisphere are also covered. NAS configurations, including file system creation, export, permissions and quotas in Linux, VMware ESXi, and Windows environments, are explored. Lastly, the course will cover implementation of local replications solutions. The course covers a wide range of topics in detail, and includes hands-on lab exercises that reinforce the concepts covered in lectures. It is strongly recommended that only participants with the necessary prerequisite skill set attend this course.

Opciones

Course Delivery Options

This course is currently available in the following formats:

MR-1CP-VNXUNIDM: Instructor led - includes hands-on lab exercises that reinforce the concepts covered in lectures.

MR-1VP-VNXUNIDM: Video ILT - DVD video provides a recording of an instructor delivered course along with recorded labs, online quizzes, and additional content. (Available August 2011)

MR-1LP-VNXUNIDM: Online ILT - Live course delivered via the internet where participants attend virtual classroom interacting with instructors and other participants. A headset with microphone is REQUIRED to speak with the instructor and the rest of the class. Text communication is also available through the virtual classroom.
