Commvault Implementation and Maintenance

CODE:	LENGTH:	PRICE:
COM_IM	16 Hours (2 days)	€1,440.00

Description

Advance you Commvault expertise with a review of the Next Generation feature enhancements to Commvault software. Sharpen your skills with a technical overview of architectual considerations, resource planning requirements, and installation opstions for deploying Commvault solutions. Students will learn configuration Best Practices and performance-enhancement techniques, as well as troubleshooting tools and processes that can help identify causes of and solutions for common problems.
The Implementation and Maintenance course is intended for operations and administrative personnel responsible for ongoing configuration of Commvault software and troubleshooting. It can be delivered in combination with our 3-day Core Fundmentals course.
