Juniper Networks Design - Security (JND-SEC)

CODE:	LENGTH:	PRICE:
JUN_JND-SEC	40 Hours (5 days)	€4,750.00

Description

This five-day course is designed to cover best practices, theory, and design principles for security design, including traditional and modern security principles such as security design specifics for campus and branch, enterprise wide area network (WAN), service provider WAN, and data center deployments. This course also includes design principles for security management, automation, and virtualization.
