CGRC Online Self-Paced Training

CODE:	DURÉE:	PRIX H.T.:
ISC_CGRC_OLSP	720 Hours (90 Jours)	Prix sur demande

Description

Official ISC2 Online Self-Paced CGRC Training is a groundbreaking way to prep for certification that uses artificial intelligence to customize your learning journey. It pinpoints areas that require additional focus and guides you through your exam prep in a way that's truly personalized.

Study smarter, not harder, with these key advantages:

- Personalized instruction
 - Content, pace and difficulty adapt to your individual knowledge, learning speed and confidence level.
- Enhanced engagement
 - Immediate feedback and dynamic content enable you to learn at an appropriate level.
- Time savings
 - Training time is optimized by focusing on areas that require the most review.
- Improved learning outcomes
 - The platform identifies areas requiring further review and provides targeted support to maximize your understanding of the content.

What's included with each option*:

- Self-paced online adaptive learning journey
- Data-driven analytics dashboard for real-time feedback on learner progress
- Robust search functionality to narrow topics
- Pre- and post-course assessments
- Knowledge checks and end-of-domain quizzes
- Official ISC2 CGRC eTextbook
- Official ISC2 CGRC Study Questions eBook
- Interactive content
- Domain-by-domain study sheets with key points
- Email content support
- Online interactive flash cards
- Glossary of Terms
- 24/7/365 chat technical support

*Learners receive same-day access to the course materials. Your 90- or 180-day access starts at date of purchase.

Objectifs

Certified in Governance, Risk, and Compliance (CGRC) training leverages the power of artificial intelligence, guiding students through a self-paced learning experience adapted to their unique needs. It covers the skills and knowledge for integrating governance, performance management, risk management, and regulatory compliance within an organization.

Audience

CGRC training is for those seeking a comprehensive review to pursue CGRC certification. It is ideal for security professionals with at least two years of work experience in one or more of the domains listed below.

Programme

What Is Covered?

- Domain 1: Security and Privacy Governance, Risk Management, and Compliance Program

- Domain 2: Scope of the System
- Domain 3: Selection and Approval of Framework, and Security and Privacy Controls
- Domain 4: Implementation of Security and Privacy Controls
- Domain 5: Assessment/Audit of Security and Privacy Controls
- Domain 6: Systems Compliance
- Domain 7: Compliance Maintenance

What Will You Learn?

- Appraise the security and privacy protection needs across system life cycles.
- Develop a governance, risk management, and compliance (GRC) program.
- Practice the activities to scope a system and manage risk.
- Recommend a framework and security and privacy controls based on business context to effectively secure a system.
- Integrate the security and privacy controls with an organization's overall GRC strategy.
- Prepare for and assess the security and privacy controls to plan for risk response.
- Analyze the system compliance to confirm criteria for obtaining authorization to operate.
- Practice the ongoing system monitoring and maintenance for continued risk mitigation.

Test et Certification

Requisites:

To earn a Validation of Completion, learners must:

- Complete and pass each domain with a score of 70% or higher (includes all knowledge checks and the end-of-domain assessment).
- Complete the Learner Acknowledgement, verifying you are enrolled and authorized to take the final assessment.
- Complete and pass the final assessment with a score of 70% or higher.
- Complete the course evaluation survey.

Validity:

A Validation of Completion is awarded to learners who meet the requisites and successfully complete their final assessment. While it may be used to prepare for professional certification, the Validation of Completion does not demonstrate competency, establish expertise or imply licensing or accreditation in any field. To earn the CGRC certification, you must pass the exam and meet the experience requirements.

Certificates are valid for three years from the date issued. Certificates cannot be renewed at the end of the three-year term.

Informations supplémentaires

Languages Offered

At this time, content is only available in English.

Cancellation Policy

ISC2 Official Certification Training is not eligible for refunds.

CPE Credits

Official ISC2 online training qualifies for Continuing Professional Education (CPE) credits. See the [ISC2 CPE Handbook](#) and [ISC2 CPE Opportunities](#) for details.

Technology Requirements

The following are system requirements needed to enhance your overall learning experience. A stable and continuous internet connection is required. In order to record your completion of the online learning courses, please ensure you are connected to the internet at all times while taking the course.

Hardware Specifications

- Processor 2 GHz +
- RAM 4 GB +
- Monitor minimum resolution (1024 x 768)
- Video card
- Keyboard and mouse or other assistive technology

Computer Peripherals

- Speakers/headphones (noise-cancelling headset is recommended)
- Microphone
- Camera (recommended)

Supported Operating Systems

- Macintosh OS X 10.10 to present
- Windows 10 to present

Supported Browsers

- Google Chrome
- Microsoft Edge
- Mozilla Firefox

Application Software

Adobe Reader:
