Splunk Certified Instructor Workshop

CODE:	LENGTH:	PRICE:
SPL_SCIW	40 Hours (5 days)	Request Price

Description

This workshop focuses on the guidelines for instruction at Splunk. Major topics include responsibilities of a Splunk Certified Instructor, an overview of Splunk products and suites, and processes for setting up and successfully teaching a Splunk course. Through group discussions and practice teaches, participants will see how to effectively apply common learning theories to virtual and in-person instruction. Please note that this workshop is a hands-on, discussion-based course, and as such requires active participation from all attendees.

Prerequisites

In order to understand prerequisites, including how to register for the SCI Workshop or to join the SCI program please email education_sci@splunk.com
