Maximo Manage hands-on preparation for Deployment certification

CODE:	LENGTH:	PRICE:
MAX4340G	6 Hours	kr4,880.00

Description

This hands-on lab is intended to prepare students for the **C1000-132 - IBM Maximo Manage v8.0 Implementation** exam required for the **IBM Certified Deployment Professional - Maximo Manage v8.0** certification. It is recommended that you thoroughly study the 8 sections of Exam Objectives and gain real-life experience of implementing IBM Maximo Manage before attempting the certification exam.

This lab will explore various customer requirements and guide you through the examples of configuration and tailoring of the Maximo Manage system. It is not intending to cover all topics included in the certification exam, but will assist candidates in familiarizing themselves with Maximo Manage capabilities and give you the opportunity to dive deeper into some areas which may be tested in the exam.

Objectives

This lab covers topics based on the Certification Exam Objectives:

- Maximo Application Suite Overview (13%)
- Platform Configuration (19%)
- Asset & Inventory Management Configuration (19%)
- Procurement & Contract Management (9%)
- Work Management & Planning (19%)
- Financial Configuration (6%)
- Configure Service Management (9%)
- Configure Work Safety (6%)

Audience
