Veritas Alta Surveillance: Administration

CODE:	LENGTH:	PRICE:
VER_AS-A	24 Hours (3 days)	kr22,800.00

Description

The Veritas Alta Surveillance: Administration course is designed for Compliance and Supervision professionals whose role is to manage, maintain, and perform supervisory reviews to ensure regulatory compliance. This course discusses how to configure and use Veritas Alta Surveillance to meet your company's supervisory requirements while maintaining regulatory standards. The course is designed to enable you to gain the necessary fundamental and advanced skills that are required to manage and leverage the features and functionality within Veritas Alta Surveillance to perform fast sampling, effective and efficient reviews of regulated communications.
