Commvault Professional Foundations

| CODE: | LENGTH: | PRICE: |
|--------|-------------------|-------------|
| COM_PF | 24 Hours (3 days) | kr24,000.00 |

Description

Learn essential skills for configuring and administering Commvault® software to protect data in virtual and physical infrastructures. This 3-day course provides all the information about the Commvault environment core components including:

- CommServe® server configuration
- MediaAgent design
- Agent deployment
- Storage configuration
- Data security

The class is balanced between technical discussions using detailed diagrams and white board sessions, and hands-on labs using an Education Services CVLab environment focusing on the Commvault Command Center™.

Objectives

The Commvault® Professional Foundations exam validates the skills required to configure and administer a CommCell® environment using the Commvault Command Center™. It proves a professional level skillset in the following areas:

- CommCell® Administration – user and group security, configuring administrative tasks, conducting data protection and recovery operations, and CommCell® monitoring.
- Storage Administration – deduplication, disk, cloud and tape storage configuration.
- CommCell Core Components – CommServe® server, MediaAgent and placement, client and agent configuration.

Passing the Commvault® Professional Foundations exam in combination with passing the Commvault® Professional Advanced exam results in obtaining the Commvault® Certified Professional certification.

Audience

This course is intended for personnel responsible for day-to-day administration and management of Commvault® software.

Prerequisites

It is recommended that you watch the Welcome to Commvault® e-Learning course. This course is included at no additional cost, as a part of the Commvault Professional Foundations registration, and is recommended to be completed prior to attending the course.

Programme

CommCell® Environment

- I CommCell® Overview
- I Product Lines
- I Commvault Command Center™ Core Setup
- I Commvault Command Center™ Navigation
- I Features
- I Commvault Command Center™ Customization
- I CommCell® Core Components

Storage Configuration

- I Storage Overview
- I Disk Storage
- I Cloud Storage

I Deduplication

I Tape Storage

Security

I Storage Policies

I Retention

Client Administration

I Users Security

I Network Topologies

Data Management

I Plans

I Data Protection

I Data Recovery

I Job Management

Servers and Features

I Servers and Server Groups

I Agent Deployment

I Files and Network Storage Protection

I Virtual Machine Protection

Monitoring

I Views

I Alerts
