Trend Micro Deep Discovery Training for Certified Professionals - Update Course

CODE:	LENGTH:	PRICE:
TRM_DD-CP-UC	8 Hours (1 day)	kr8,000.00

Description

Trend Micro™ Deep Discovery Training for Certified Professionals Update Course is a one-day, instructor-led training course aimed at participants who have already previously followed a full 3 days training in the past, and who still hold a valid Certified professional certification (valid 2 years). This one-day update training covers all new product features and training material that came in addition to version Deep Discovery 3.8 over the last 2 years.
This course is based on Deep Discovery 5.x, Deep Discovery Email Inspector 3.x and Deep Discovery Analyzer 6.x
This course is taught by Trend Micro-certified trainers. Upon completion of this course, participants may complete the certification examination in order to validate their Trend Micro Certified Professional for Deep Discovery for another 2 years.

Audience

This course is designed for IT professionals who have already been certified on Deep Discovery within the last 2 years. Participants are required to bring a laptop computer with a screen resolution of at least 1980 x 1080 or above; a display size of 15" or above is recommended.
