Core Intelligence Research Training

CODE:	LENGTH:	PRICE:
OTH_CIRT	24 Hours (3 dage)	kr 19,650.00

Description

This CPD accredited training provides students with the essential research skills and knowledge set out in the Intelligence Professionalisation Programme (IPP) and the National Occupational Standards (NOS) for Intelligence Researchers.
A practical scenario is embedded in order to assess the student's learning which concludes with a group presentation to highlight their findings based on Threat, Risk & Harm.

Programme

• Define the research role
• Describe the analytical and investigative roles
• Awareness of appropriate legislation and evaluation of information
• Define a terms of reference and how to meet time critical deadlines
• Demonstrate the difference between quantitative and qualitative research
• Compare how critical and creative thinking skills impact on the outcome
• Explore and present various research methodologies
• Highlight the risks associated with data quality and accuracy using open and closed sources
• Demonstrate the stages of the intelligence cycle
• Outline the principles and benefits of the 5WH
• Awareness of how research aids analysis and inference development / matrix
• Discuss key findings, produce an intelligence summary, identify gaps and SMART recommendations
• Create and present a briefing document
