IBM OpenPages: Security Rules (v7.3) eLearning

CODE:	LENGTH:	PRICE:
ZL1_10267	8 Hours	kr1,490.00

Description

Contains: instructional and interactive content, demonstrations and hands-on simulated exercises.

This course teaches IBM OpenPages GRC Platform administrators about security rules. They will learn best practices in creating record level and field level security rules. They will step through adding object type rules and testing the rules.

If you are enrolling in a Self Paced Virtual Classroom or Web Based Training course, before you enroll, please review the Self-Paced Virtual Classes and Web-Based Training Classes on our Terms and Conditions page, as well as the system requirements, to ensure that your system meets the minimum requirements for this course. <http://www.ibm.com/training/terms>
