Using IBM OpenPages (v7.3) - eLearning

CODE:	LENGTH:	PRICE:
ZL1_1O297	8 Hours	kr1,490.00

Description

Contains: instructional and interactive content, demonstrations and hand-on simulated exercises.

This course teaches IBM OpenPages GRC Platform users how to navigate within the system, search for object instances, create new records, copy and associate records, run IBM Cognos reports, and upload and maintain external file attachments. You will gain an understanding of OpenPages object types, hierarchy models, object instances, and relationships between object instances. Sample business cases are incorporated into usage scenarios, demonstrations, and learning activities.

If you are enrolling in a Self Paced Virtual Classroom or Web Based Training course, before you enroll, please review the Self-Paced Virtual Classes and Web-Based Training Classes on our Terms and Conditions page, as well as the system requirements, to ensure that your system meets the minimum requirements for this course. <http://www.ibm.com/training/terms>

Objectives

Please refer to course overview

Audience

This course is intended for IBM OpenPages GRC Platform users.

Prerequisites

- No IBM OpenPages GRC Platform experience is required.
- Experience using basic browser functionality.

Programme

1: Basics and Reporting

- Object types
- Object model maps
