IBM Cúram Universal Access for Developers 6.x

CODE:	LENGTH:	PRICE:
9D54G	32 Hours	$1,400.00

Description

This four-day course provides you with a technical understanding of IBM Cúram Universal Access configuration and customization. IBM Cúram Universal Access enables citizens to determine suitable services and programs, apply for programs, and manage their interactions with agencies via citizen accounts. This course describes how to configure and customize IBM Cúram Universal Access features for agencies.

During the course, you will design and implement a simple end-to-end application that allows citizens to perform Triage, Screening, multi-program application, and submit Life Events.

If you are enrolling in a Self Paced Virtual Classroom or Web Based Training course, before you enroll, please review the **Self-Paced Virtual Classes and Web-Based Training Classes** on our Terms and Conditions page, as well as the system requirements, to ensure that your system meets the minimum requirements for this course. http://www.ibm.com/training/terms

Objectives

- Use IBM Cúram Universal Access client features
- Configure Triage and Screening
- Configure multi-program Application and Intake
- Map application data to entities and PDF forms
- Configure Citizen Account
- Configure Life Events
- Configure Motivations
- Configure the look and feel of IBM Cúram Universal Access
- Outline the security features of IBM Cúram Universal Access
- Customize IBM Cúram Universal Access features and provided artifacts compliantly
- Troubleshoot configuration issues.

Audience

This intermediate course is aimed at developers and technical architects.

Prerequisites

You should have completed the following courses: **IBM Cúram Express Rules (CER)**

- *IBM Cúram Express Rules for Developers 6.0.5 (9D51G)*, or
- The following self-paced virtual classroom (SPVC) versions of 9D51G:
  - *IBM Cúram Express Rules for Developers (ADE) 6.0.5 (9D60G)*
  - *IBM Cúram Express Rules for Developers (Application Integration) 6.0.5 (9D61G)*, or
- Any previous version of the IBM Cúram Express Rules course

IBM Cúram Intelligent Evidence Gathering (IEG)

- *IBM Cúram Intelligent Evidence Gathering for Developers 6.x (9D55G)*

Programme

- The functions and features of IBM Cúram Universal Access
- How to configure IBM Cúram Universal Access features
- How to customize IBM Cúram Universal Access features and provided artifacts
- How to troubleshooting applications based on IBM Cúram Universal Access.

Session Dates
