# IMS DBCTL Systems Programming

| CODE:  | LENGTH:           | PRICE:    |
|--------|-------------------|-----------|
| CM121G | 24 Hours (3 days) | €2,340.00 |

## Description

Database Control (DBCTL) is an Information Management System (IMS) facility that provides CICS access to an IMS database subsystem. DBCTL provides access for CICS transactions to IMS managed databases. Get a detailed description of the activities required to install, tailor, maintain, and support an IMS DBCTL system. Additionally, learn about aspects of the IMS architecture that apply to database management and attaching to CICS systems and transactions.

## Objectives

- Understand DBCTL in an IMS environment
- Design, install, and customize a DBCTL system according to application requirements
- Perform basic system administration for an IMS system with DBCTL including the operating and optimization of a CICS - IMS Database Controller configuration

## Audience

This is an intermediate course for IMS system programming and technical support individuals, who need to understand installation, customization, administration, and maintenance on a DBCTL system.

## Prerequisites

You should complete:

- *IMS Fundamentals (CM010)*, **or**
- *IMS Fundamentals - Web (CMW01)*
- **or** have equivalent knowledge

You should have some system programming experience with IMS **and** CICS systems.

## Programme

- Introduction to IMS DBCTL
- IMS DBCTL Installation and Installation Verification Program (IVP) Dialog
- IMS DBCTL System Definition
- Preparing the operating system
- IMS Locking, IMS Logger, DBRC Overview and Syncpoint Processing
- Building the IMS DBCTL System
- Online Change and Dynamic Resource Definition (DRD)
- DBCTL Image Copy Utilities
- DBCTL operations
- IMS Application Scheduling flow in a DBCTL Environment
- The Open Data Base Access (ODBA) Feature
- Recovery Restart in a DBCTL Environment

## **Session Dates**

On request. Please [contact us](#)

## **Additional Information**

This training is also available as onsite training. Please contact us to find out more.
