IBM Content Manager OnDemand Application Implementation 8.4 - SPVC

CÓDIGO:	DURACIÓN:	Precio:
IM16G	32 Hours (4 días)	€1,375.00

Description

This course is the foundation for individuals interested in learning the concepts of the OnDemand system. It starts with an overview of the system, then describes how to create OnDemand objects such as applications, application groups, and folders. The course also covers the tasks required to index, load, retrieve, and view various types of report files, documents, and image files in an OnDemand System.

If you are enrolling in a Self Paced Virtual Classroom or Web Based Training course, before you enroll, please review the **Self-Paced Virtual Classes and Web-Based Training Classes** on our Terms and Conditions page, as well as the system requirements, to ensure that your system meets the minimum requirements for this course.
