Lab: IBM RPA with Automation Anywhere and BPM

Lab: Integrating a bot with Business Process Manager

CÓDIGO:	DURACIÓN:	Precio:
MC09032G	8 Hours	€400.00

Description

Ready to automate with robots?! You too can be a robotics engineer! This lab brings IBM Robotic Process Automation with Automation Anywhere to life by integrating it with IBM Business Process Manager to build a bot from scratch all while helping speed along routine business work. Everyone has repetitive tasks they do every day. Learn to leverage the power of robotics, process and cloud to automate, leaving more time to spend on your valuable work. Everyone can learn to create a robot in just minutes!

Objetivos

Refer to the overview for the description of this lab.

Público

Anyone who needs to understand Robotic Process Automation

Requisitos Previos

None

Programa

Refer to the overview for the description of this lab.

Más información

Prior to enrolling, IBM Employees must follow their Division/Department processes to obtain approval to attend this public training class. Failure to follow Division/Department approval processes may result in the IBM Employee being personally responsible for the class charges.

GBS practitioners that use the EViTA system for requesting external training should use that same process for this course. Go to the EViTA site to start this process:

<http://w3.ibm.com/services/gbs/evita/BCSVTEurl.nsf>

Once you enroll in a GTP class, you will receive a confirmation letter that should show:

- The current GTP list price
- The 20% discounted price available to IBMers. This is the price you will be invoiced for the class.

Fechas Programadas
