Advanced Configuration for CommCell Console

| CODE: | LENGTH: | PRICE: |
|--------|-------------------|-----------|
| COM_PA | 16 Hours (2 days) | €1,440.00 |

Description

Continue to enhance your learning experience with Commvault Professional Advanced. Partnered with the 3-day Commvault® Professional Foundations course, this 2-day course delves into advanced configurations, such as:

- How to deploy Commvault® environment components.
- How to configure advanced options relating to:
 - Storage
 - Deduplication
 - Storage policies
 - Advanced media management

This course is geared towards users who administer their Commvault environment using the CommCellÂ® console. However, those who use the Commvault Command Center will learn how to apply advanced options available in the CommCell® Console.

Audience

This course is intended for personnel responsible for day-to-day administration and management of Commvault® software.

Prerequisites

This course is intended for personnel responsible for day-to-day administration and management of Commvault® software.

Test and Certification

Commvault® Certification Program

Commvault's Certification Program validates expertise and advanced knowledge in topics, including Commvault Professional, Engineer and Master-level technologies. Certification is a valuable investment for both a company and the IT professional. Certified personnel can increase a company's productivity, reduce operating costs, and increase potential for personal career advancement. Commvault's Certification Program offers Professional-level, Engineer-level, and Master-level certifications. This Program provides certification based on a career path, and enables advancement based on an individual's previous experience and desired area of focus. It also distinguishes higher-level certifications such as Engineer and Master from lower-level certification as a verified proof of expertise.

Commvault Certified Professional 2020

- Commvault Professional Foundations exam
 - Commvault Professional Advanced exam
- Passing both is required for Professional certification*

Commvault Certified Engineer

- Commvault Engineer exam

Commvault Certified Master

- Master Class exam
