## Description

IBM Cognos Planning: Explore and Contribute to Plans (V10.1) is an instructor-led course that provides you with a solid understanding of the Planning Contributor Web application. At the end of the course, you will be able to access and navigate your corporate Contributor Workflow application, know how to efficiently enter data into the Web grid and how to save and submit the data. You will learn about the planner and the reviewer roles in Planning Contributor, how to manage workflow, and how to take the grid offline. You will also learn how to import data to the grid and export data to Excel.
