Commvault Professional Foundations & Professional Advanced

CÓDIGO:	DURACIÓN:	Precio:
COM_P	40 Hours (5 días)	€2,600.00

Description

Learn essential skills for installing and configuring Commvault® software to protect data in virtual and physical infrastructures. This 5-day course provides all the information needed to get your Commvault environment up and running including: CommServe® server configuration, MediaAgent design, agent deployment, storage configuration, and data security. The class is balanced between technical discussions using detailed diagrams and white board sessions, and hands -on labs using Education Services CVLab environment focusing on both the Admin Console and the CommCell® Console.

Objetivos

Commvault Certified Professional Exam (V11)
A Commvault Certified Professional certification validates the skills required to install, configure, and administer a CommCell® environment using both the CommCell Console and Admin Console. It proves a professional level skillset in the following areas:

- CommCell Administration – user and group security, configuring administrative tasks, conducting data protection and recovery operations, and CommCell monitoring.
- Storage Administration – deduplication configuration, disk library settings, tape library settings, media management handling, and snapshot administration.

- CommCell Implementation – CommServe® server design, MediaAgent design and placement, indexing settings, client and agent deployment, and CommCell maintenance.

CERTIFICATION EXAM SPECIFICS
Certification Exam Specifics

- Total Questions: 40
- Time Allotment: 90 minutes
- Passing Grade: 75%

Público

This course is intended for personnel responsible for day-to-day administration and management of Commvault® software.

Requisitos Previos

It is recommended that you watch the Welcome to Commvault® e-Learning course. This course is included at no additional cost, as a part of the Commvault Professionals registration, and is recommended to be completed prior to attending this course.

Programa

CommCell® Deployment	- Next Generation Platform overview - Physical architecture - Logical architecture - Web console - Admin console - CommCell console - Commvault® component system requirements
Software Implementation	- Downloading Commvault® software - CommServe® server installation and configuration - MediaAgent installation and configuration - Ransomware risk mitigation - Role based security
Disk, Deduplication, and Cloud	- Storage overview - Disk library design and configuration - Cloud library configuration - Deduplication overview concepts - Transactional deduplication database - Partitioned deduplication database - Data verification
Tape Libraries	- Tape library design and configuration - Tape media management
Storage Policies	- Storage policy overview - Storage policy configuration - Storage policy administration - Global secondary copies - Retention overview - Job based retention - Additional retention settings
Servers and Server Groups	- Server tree structure - Server administrative tasks using the CommCell® console - Admin console concepts - Commvault agents - Agent installation methods - Server groups
File Server Solution	- File server solution overview - Add a solution - Data protection plans - Subclients - Filtering
Protecting Virtual Environments	- Virtual protection overview - Transport modes - VSA filtering - VSA application aware backup - Adding a virtualization solution - Admin console VSA tasks - VSA backup options - VSA recovery methods
Snapshots and Block Level Backups	- Snapshot overview - IntelliSnap® technology - Block-level backups - Snapshot configuration - Managing snapshots

Job Management	- Data protection overview - Job initiation methods - DASH Full and DASH Copy jobs - Scheduling and schedule policies - Managing active jobs - Data recovery operations - Data encryption - Firewall configuration and network topologies
Maintenance and Tuning	- Monitoring resources - Alerts - Reports - CommCell® tools - Performance tuning

Fechas Programadas

Fecha	Localización	Zona horaria	Idioma	Modalidad de impartición	Impartición garantizada	Precio
17 Jun 2024	Virtual Classroom		Spanish	Instructor Led Online		€2,600.00
