# IBM Cognos Analytics: Introduction to Authoring (v11.0) eLearning - French

<b>CODE:</b>	<b>LENGTH:</b>	<b>PRICE:</b>
B6025FG	1 day(s)	kr1,490.00

## Description

**Contains:** instructional and interactive content, demonstrations and hand-on simulated exercises.

The IBM Cognos Analytics: Introduction to Authoring (v11.0) course presents you with ways to create, enhance, customize, and manage reports and charts using IBM Cognos Analytics - Reporting. Participants will view demonstrations and work through scenarios that illustrate key introductory concepts while exploring the basics of the Reporting tool.

**This is a fully translated French course - all materials are provided in French. To see a translated overview of this course, visit <https://ibm.biz/BdzAtd>**

If you are enrolling in a Self Paced Virtual Classroom or Web Based Training course, before you enroll, please review the Self-Paced Virtual Classes and Web-Based Training Classes on our Terms and Conditions page, as well as the system requirements, to ensure that your system meets the minimum requirements for this course. <http://www.ibm.com/training/terms>

## Objectives

- 1: Introduction to the Reporting application
  - Identify the basics of IBM Cognos Analytics - Reporting
  - Create and generate a report
  - Work with dimensionally-modeled relational and dimensional data sources
  - Work with personal data sources and data modules
