Integrating API Connect with IBM Business Process Manager

CÓDIGO:	DURACIÓN:	Precio:
WB832G	8 Hours (1 dia)	€650.00

Description

This course is also available as self-paced virtual (e-learning) course *Integrating API Connect with IBM Business Process Manager* (ZB832G). This option does not require any travel.

This course teaches you how to integrate IBM API Connect with IBM Business Process Manager.

The course begins with an overview of IBM API Connect for IBM Business Process Manager users. It then teaches you how to create fast, simple connections to disparate, separate systems through IBM API Connect, and how to use these connections in IBM Business Process Manager to enhance your business processes.

The course includes a hands-on lab exercise that covers the creation of an outbound integration from IBM Business Process Manager to IBM API Connect.

For information about other related courses, see the IBM Training website: http://www.ibm.com/training
