IBM FileNet P8 5.0 - Prerequisite Skills using Workplace XT

CODE:	DURÉE:	PRIX H.T.:
F141G	16 Hours (2 Jours)	€1,390.00

Description

This course provides the skills and knowledge required by everyone new to IBM FileNet P8. It enables you to understand and use FileNet P8 systems. It also ensures that you have a proper foundation for success in more advanced FileNet P8 technical subject areas. It is a prerequisite for higher-level courses.

For the IT professional: Offers fundamental IBM FileNet P8 knowledge, the basis for learning to design, develop, build, and maintain IBM FileNet P8 products and solutions.

For the business user: Teaches the skills needed to work with content and automated processes, so that you can track and manage work with FileNet P8 tools. Teaches how an IBM FileNet P8 system supports business tasks and functions of your organization.

If you are enrolling in a Self Paced Virtual Classroom or Web Based Training course, before you enroll, please review the **Self-Paced Virtual Classes and Web-Based Training Classes** on our Terms and Conditions page, as well as the system requirements, to ensure that your system meets the minimum requirements for this course.
