IBM Enterprise Records 5.1 - Automate Declaration

CODE:	LENGTH:	PRICE:
F182G	8 Hours (1 day)	€780.00

Description

Your company wants to automate records declaration for your IBM Enterprise Records system. In this course, you learn to configure automatic record declaration using two different methods: event subscriptions and workflow.
You work with a fully functioning IBM Enterprise Records system to practice the skills required for automating record declaration.

Objectives

- Acquire the knowledge and skills necessary to automate record declaration on an Enterprise Records system

Audience

This intermediate course is for anyone who administers an IBM Enterprise Records system.

Prerequisites

Programme

- Configure an event action for record declaration
- Create an event subscription to automatically declare a record
- Create a workflow that declares a record without user intervention
- Create a workflow subscription to launch a record declaration workflow

Session Dates

On request. Please contact us

Additional Information

This training is also available as onsite training. Please contact us to find out more.
