Extend Report Functionality in IBM Cognos Analytics - Reporting - eLearning

CODE:	DURÉE:	PRIX H.T.:
K01003G	8 Hours	€150.00

Description

This course provides Business and Professional Authors with an introduction to augmenting reports created in IBM Cognos Analytics - Reporting by creating reports using conditional formatting, defining Drill-through definitions, enhancing the report layout and exploring additional report building techniques. The participants will examine each of these topics and learn to apply them to reports.

Note: Guided eLearning is a self-paced offering which includes web-based content for self-study and videos (including audio) that demonstrate activities.

If you are enrolling in a Self Paced Virtual Classroom or Web Based Training course, before you enroll, please review the Self-Paced Virtual Classes and Web-Based Training Classes on our Terms and Conditions page, as well as the system requirements, to ensure that your system meets the minimum requirements for this course. http://www.ibm.com/training/terms
