Create Active Reports using IBM Cognos Analytics - Reporting - eLearning

CODE: **DURÉE:** **PRIX H.T.:**

K01006G 8 Hours €150.00

Description

This course provides IBM Cognos Analytics report authors with an understanding of Active Report content and functionality within IBM Cognos Analytics - Reporting. The participant will be introduced to the basics of Active Report controls and variables, and gain skills in creating and updating Active Reports, which can then be distributed to and consumed by users in a disconnected environment, including on mobile devices. The participant will learn how to create an Active Report, convert an existing report to an Active Report, and save an Active Report as a standalone MHT file.

Note: Guided eLearning is a self-paced offering which includes web-based content for self-study and videos (including audio) that demonstrate activities.

If you are enrolling in a Self Paced Virtual Classroom or Web Based Training course, before you enroll, please review the Self-Paced Virtual Classes and Web-Based Training Classes on our Terms and Conditions page, as well as the system requirements, to ensure that your system meets the minimum requirements for this course. <http://www.ibm.com/training/terms>
