Security Fundamentals: Training for MTA Exam 98-367

CÓDIGO:	DURACIÓN:	Precio:
MCS_40367	3 días	A consultar

Description

This three-day MTA Training course helps you prepare for Microsoft Technology Associate Exam 98-367, and build an understanding of these topics: Security Layers, Operating System Security, Network Security, Security Software. This course leverages the same content as found in the Microsoft Official Academic Course (MOAC) for this exam. This course is updated in support of Windows 10.

Objetivos

- Understand Security Layers
- Understand Operating System Security
- Understand Network Security

After completing this course, students will be able to:

- Understand Security Software

Público

The Microsoft Technology Associate (MTA) is Microsoft's newest suite of technology certification exams that validate fundamental knowledge needed to begin building a career using Microsoft technologies. This program provides an appropriate entry point to a future career in technology and assumes some hands-on experience or training but does not assume on-the-job experience.

Programa

Module 1: Understanding Security Layers
Module 2: Understanding Authentication, Authorization, and Accounting
Module 3: Understanding Security Policies
Module 4: Understanding Network Security
Module 5: Protecting the Server and Client

Fechas Programadas

A petición. Gracias por [contactarnos](#).
