IBM Planning Analytics/Cognos TM1: Create Scorecards (v10.2)

CODE:	DURÉE:	PRIX H.T.:
ZL1_P8259	1 Jours	€720.00

Description

IBM Planning Analytics/Cognos TM1: Create Scorecards teaches scorecard developers how to create scorecarding solutions in TM1. Through a series of lectures and hands-on exercises, participants will learn how to create all of the necessary scorecarding objects such as metrics cubes, diagrams, and maps, deploy the solution to the Web for end-user consumption, and create an engaging dashboard presentation for the solution. This training was developed using IBM Cognos TM1 10.2 but is applicable to both IBM Cognos TM1 v10.2 and IBM Planning Analytics.

Objectifs

Please refer to Course Overview for description information.

Audience

This intermediate course is for Scorecard Developers.

Prérequis

You should have:

- Knowledge of your business requirements
- Experience using the Windows operating system **and** a Web browser

Programme

Introduction to Scorecarding in IBM Cognos TM1

- explain the purpose of scorecarding
- identify TM1 components and objects used for scorecarding
- explain the process of creating a scorecarding solution in TM1

Create a Metrics Cube

- create a new TM1 server
- create dimensions manually or by importing
- create and populate a metrics cube

Visualize Relationships using Diagrams and Maps

- edit an impact diagram
- create a strategy map
- create a custom diagram

Make Scorecards Available

- create and deploy a scorecarding application
- apply security to a scorecarding application

Create Dashboards

- create a dashboard layout for a scorecarding application
- publish the layout to make it available to users

Link Cubes Together

- create links to share data between cubes
- enable drill-through so users can view detailed data linked in from source cubes

Informations supplémentaires

Prior to enrolling, IBM Employees must follow their Division/Department processes to obtain approval to attend this public training class. Failure to follow Division/Department approval processes may result in the IBM Employee being personally responsible for the class charges.

GBS practitioners that use the EViTA system for requesting external training should use that same process for this course. Go to the EViTA site to start this process: <http://w3.ibm.com/services/gbs/evita/BCSVTEnr1.nsf>

Once you enroll in a GTP class, you will receive a confirmation letter that should show: The current GTP list price
The 20% discounted price available to IBMers. This is the price you will be invoiced for the class.

Dates de session
