Essentials of IBM Rational DOORS Next Generation, V5.0

CODE:	DURÉE:	PRIX H.T.:
QN171G	8 Hours (1 day)	€700.00

Description

This course teaches analysts and engineers how to define, elaborate, organize, and manage textual and graphical requirements and requirements-related information in IBM® Rational® DOORS Next Generation.

Ration DOORS Next Generation is a key component of the Rational solution for Collaborative Lifecycle Management (CLM). The product provides requirements definition and management capabilities in a fully-integrated environment that can also include IBM® Rational Team Concert™ for change and configuration management, and IBM® Rational® Quality Manager for quality management.

Objectifs

After completing this course, you should be able to use IBM® Rational® DOORS Next Generation, part of the IBM jazz based solution for requirements management to:

- View and work with requirements and other artifacts in a collaborative context
- Create and edit requirements documents and other artifacts, including both textual and graphical artifacts
- Create, manage, and view traceability relationships between requirements and other artifacts
- Manage requirements throughout a project lifecycle

Audience

This basic course is for:

- Business Analyst
- Systems Engineer
- Software Engineer
- Requirements Engineer
- Requirements Manager
- Requirements Team Leader

Prérequis

There are no pre-requisites for this course.

Programme

- View and work with requirements and requirements-related information in a collaborative context
- Capture, define, elaborate, and edit requirements and requirements-related information, and create hierarchically organized requirements documents
- Create and manage traceability relationships between requirements and requirements-related information
- Manage requirements throughout a project lifecycle

Informations supplémentaires

Prior to enrolling, IBM Employees must follow their Division/Department processes to obtain approval to attend this public training class. Failure to follow Division/Department approval processes may result in the IBM Employee being personally responsible for the class charges.

GBS practitioners that use the EViTA system for requesting external training should use that same process for this course. Go to the EViTA site to start this process: <http://w3.ibm.com/services/gbs/evita/BCSVTEnr1.nsf>

Once you enroll in a GTP class, you will receive a confirmation letter that should show: The current GTP list price
The 20% discounted price available to IBMers. This is the price you will be invoiced for the class.
