# IBM Enterprise Records 5.1 - Automate Declaration

CODE:	LENGTH:	PRICE:
F182G	8 Hours (1 day)	kr7,885.00

## Description

Your company wants to automate records declaration for your IBM Enterprise Records system. In this course, you learn to configure automatic record declaration using two different methods: event subscriptions and workflow. You work with a fully functioning IBM Enterprise Records system to practice the skills required for automating record declaration.

## Objectives

- Acquire the knowledge and skills necessary to automate record declaration on an Enterprise Records system

## Audience

This intermediate course is for anyone who administers an IBM Enterprise Records system.

## Prerequisites

## Programme

- Configure an event action for record declaration
- Create an event subscription to automatically declare a record
- Create a workflow that declares a record without user intervention
- Create a workflow subscription to launch a record declaration workflow

## Session Dates
