IBM Cognos Analytics - Departmental Administration (v11.0) eLearning

CODE:	LENGTH:	PRICE:
B6091G	2 Hours	£100.00

Description

Contains: instructional and interactive content, demonstrations and hand-on simulated exercises.

This Web-Based Training course provides students with knowledge and experience in using the administration capabilities available in the IBM Cognos Analytics 11.0 portal. They will learn how to manage the security environment, perform deployment of application content, create and manage data server connections, view and manage runtime activities, such as schedules, and manage some system activities

If you are enrolling in a Self Paced Virtual Classroom or Web Based Training course, before you enroll, please review the Self-Paced Virtual Classes and Web-Based Training Classes on our Terms and Conditions page, as well as the system requirements, to ensure that your system meets the minimum requirements for this course. <http://www.ibm.com/training/terms>

Objectives

Please refer to course overview

Audience

- Administrators performing administrative tasks in the IBM Cognos Analytics portal

Prerequisites

- Knowledge of Web application server architectures and security systems administration
