IBM Maximo Asset Management 7.5 Fundamentals

CODE: **DURÉE:** **PRIX H.T.:**

ZL1_TOS43 24 Hours €910.00

Description

The IBM® Maximo® Asset Management 7.5 Fundamentals course is hands-on and introduces the powerful features and functions available in IBM Maximo Asset Management. It provides the fundamental concepts and setup considerations of the various business areas supported by Maximo. This course consists of lecture, demonstration, and labs covering a wide variety of applications, processes, and interrelationships within Maximo. This course can help clients make informed business decisions with the design and planning of their implementation. Consultants can gain a foundation upon which to build their product knowledge and skill set, and to work with clients to obtain optimal value from the product.

If you are enrolling in a Self Paced Virtual Classroom or Web Based Training course, before you enroll, please review the **Self-Paced Virtual Classes and Web-Based Training Classes** on our Terms and Conditions page, as well as the system requirements, to ensure that your system meets the minimum requirements for this course.
