# IBM Control Desk 7.6 Service Request Management Fundamentals

<b>CODE:</b>	<b>LENGTH:</b>	<b>PRICE:</b>
TP362G	3 days	\$2,100.00

## Description

This course introduces you to the fundamental concepts of managing a Service Desk using IBM Control Desk. Through instructor-led discussion, demonstrations and hands-on labs, you learn how to create and resolve service requests, incidents and problems. You also learn to manage a service catalog, obtain user feedback through surveys, and generate reports.

## Objectives

You should be able to perform the following tasks:

- Describe the features and applications of the Service Desk and Service Catalog
- Explain the purpose and goals of request fulfillment, incident management, and problem management processes
- Handle an issue from initial report to resolution using the Service Desk
- Follow an offering from shopping to fulfillment using the Service Catalog

## Audience

This course is designed for anyone who implements or uses IBM Control Desk for Service Desk and Service Catalog functions, or anyone working with Service Requests, Incidents or Problems.

## **Further Information**

Prior to enrolling, IBM Employees must follow their Division/Department processes to obtain approval to attend this public training class. Failure to follow Division/Department approval processes may result in the IBM Employee being personally responsible for the class charges.

GBS practitioners that use the EViTA system for requesting external training should use that same process for this course. Go to the EViTA site to start this process:

<http://w3.ibm.com/services/gbs/evita/BCSVTEurl.nsf>

Once you enroll in a GTP class, you will receive a confirmation letter that should show:

- The current GTP list price
- The 20% discounted price available to IBMers. This is the price you will be invoiced for the class.
