Get the opportunity to brush up on your knowledge of Certified Ethical Hacker before taking the exam. By attending this 3-hour Exam Preparation Bootcamp, you increase your chances of passing the official ECC-CEH exam considerably.
You get 3 hours together with our Certified Instructor, who also teaches the Certfied Ethical Hacker course. He does a brush-up on the course and comes up with tips and tricks that are useful when you sit for the Exam. You will have the opportunity to ask questions and get full control of all corners of the material so that after lunch you are ready to sit down for the keys, and that you can probably call yourself a Certified Ethical Hacker in the late afternoon!
