InfoSphere MDM Physical Domains V11.4

CODE:	LENGTH:	PRICE:
ZL1_ZZ930	3 day(s)	kr23,655.00

Description

This course is designed for anyone who wants to get an understanding of the Data Domains for the InfoSphere Master Data Management Physical Module. This course takes a comprehensive look at the three core data domains of InfoSphere MDM: Party, Account, and Product. For each of the domains spanned by InfoSphere MDM, participants will be exposed to the data model, services, and rules associated with the main entities of that domain. Heavy emphasis is put on exercises and activities so that the participants can apply the knowledge that they learn after course conclusion.

Objectives

- Understand the Party Domain and the main Party Entities and Services available in InfoSphere MDM
- Understand the Product Domain and the main Product Entities and Services available in InfoSphere MDM
- Understand the Account Domain and the main Account Entities and Services available in InfoSphere MDM
- Understand the documentation available for the InfoSphere MDM Data Model and Services

Audience

- Chapter 5: Common Domain

Further Information

Prior to enrolling, IBM Employees must follow their Division/Department processes to obtain approval to attend this public training class. Failure to follow Division/Department approval processes may result in the IBM Employee being personally responsible for the class charges.

GBS practitioners that use the EViTA system for requesting external training should use that same process for this course. Go to the EViTA site to start this process: <http://w3.ibm.com/services/gbs/evita/BCSVTEnr1.nsf>

Once you enroll in a GTP class, you will receive a confirmation letter that should show:

- The current GTP list price
- The 20% discounted price is available to IBMers for GTP delivered courses only. This is the price you will be invoiced for the class.
