Maximo 7.6 Introduction and Overview

CODE:	LENGTH:	PRICE:
ZL1_W0109	1 day	£85.00

Description

This course discusses three of IBM's strategic products and how they fit into Asset Management. These include Tririga, Smart Cloud Control Desk and Maximo. Learn how to navigate, how to reports and Key Process Indicators, learn about managing basic security and configuring start centers for easy record locations. The course is delivered via interactive simulations where you have an opportunity to learn and potentially interact with the system while we lead you through the functionality. At the end you can test your knowledge by completing the short quizzes. These simulations may aid you in preparing for certification on the product. There are a total of eight (8) simulations in this course.

Objectives

"Simulation 1: Sales and Marketing Overview is marked complete Simulation 2: Basic Navigation is marked complete Simulation 3: Security Overview is marked complete Simulation 4: Basic Reporting is marked complete Simulation 5: Query Based Reporting is marked complete Simulation 6: Start Center Overview is marked complete Simulation 7: Creating New Start Centers is marked complete Simulation 8: Key Performance Indicators is marked complete "

Audience

IT Service, Sales, Support

Prerequisites

None
