CNS-224: Implement Citrix ADC 13.x with Traffic Management

CODE:	LENGTH:	PRICE:
CTX_CNS-224	16 Hours (2 days)	£1,675.00

Description

Learn the skills required to configure and manage Citrix ADC Traffic Management features, including Content Switching, Traffic Optimization, and Global Server Load Balancing. At the end of the course, students will be able to configure their ADC environments to address efficient traffic switching and resilience requirements including Content Switching, Traffic Optimization, and Disaster Recovery.

Objectives

• Optimize the Citrix ADC system for traffic handling and management
• Customize the ADC system for traffic flow and content-specific requirements
• Employ recommended tools and techniques to troubleshoot common Citrix ADC network and connectivity issues
• Configure advanced load balancing and GSLB on the Citrix ADC system

Audience

Built for IT Professionals working with Citrix ADC, with little or no previous ADC experience. Potential students include administrators, engineers, and architects interested in learning how
to deploy or manage Citrix ADC traffic management.

Prerequisites

This course requires little to no previous experience with Citrix ADC; however, Citrix recommends a basic understanding of of TCP/IP, HTTP, and of the OSI model, network devices, and networking protocols.

Programme

Module 1: Advanced Policies •Default Policy Overview •Default Expression Syntax •Policy Bindings •AppExpert Additional Features Module 2: Rewrite Responder URL Transformation •Rewrite Policies •Responder Policies •DNS Rewrite and Responder •URL Transformation Module 3: Content Switching •Content Switching Overview •Content Switching Configuration Module 4: Optimization •Citrix ADC Optimization Overview • HTTP Compression • Integrated Caching •Front-End Optimization Module 5: Global Server Load Balancing •GSLB Overview •GSLB Architecture •Content-Switching GSLB •GSLB MEP and Monitoring •Customizing GSLB

Session Dates

On request. Please Contact Us

Additional Information

This training is also available as onsite training. Please contact us to find out more.
